

Governor Appeals for peace in Kandhmal

Dt.27.12.2007

Governor Shri Murlidhar Chandrakant Bhandare expressed deep shock over the sad development in Kandhmal district. In a message, Governor said that intolerance in the name of religion should not divide us. "Religion teaches to treat everybody as brothers and sisters and all of us should remember that we are the sons and daughters of this great nation", said Governor.

He further said that Orissa has a great tradition of tolerance, peaceful co-existence and universal brotherhood and has spread the message of peace throughout the world. "Let us not indulge in activities that bring disrepute to this great state and not adopt violent means to settle disputes", said Governor.

He appealed to the residents of Kandhmal to maintain peace and harmony and law and order in the district and simultaneously set high standards of peaceful co-existence, which others would emulate.
